## Notes From the Board

If any resident plans to change anything on the exterior of their homes, plans need to be submitted to the MGA HOA Board for approval. If you are replacing windows and they look the same as what you have, no plans are needed.

However, if the windows are different than what you have, plans do need to be submitted. Also, changes to patios, adding a sun room, skylights, solar panels and extensive landscaping changes require board approval after plans by the homeowner have been submitted. Plans can be given to any member of the board.

Thank you to the Beautification Committee for the wonderful fall decorations at the eyebrow, and for the winter decorations they just put up at the eyebrow and at the front entrance. You always do a wonderful job and we appreciate you!

We hope that you all are using the directory that is a google document. It is updated as changes occur, and there is a date at the top of the document as to when it was last updated. We will send the documents again to everyone. Please save it so you can refer to it during the year.

Have a safe winter and a very happy holiday season and we look forward to having more social get togethers once the weather is warmer. Maybe a winter walk will be scheduled for the brave residents who walk year round!
