Please be a responsible pet owner and clean up waste as you walk your dogs in our neighborhood. We have received complaints and photos of waste left on the lawns of residents. All pets must be leashed when they are outside of their home.

The Spring meeting for all residents was held on April 20, 2026 at the Prince of Peace Church on McNaughten Rd. Meetings are in April and October and last 1-2 hours. We'd like to stress the importance of attending these meetings. They provide valuable info about the neighborhood and offer a chance to ask questions one on one to neighbors and board members.

Updates to our website: mcnaughtengrove.org were discussed. The website is a great resource for all residents, and includes community documents, meeting minutes, and financial information, as well as approved colors for painting stucco, trim and garage doors. There are documents that are easy to use to request approval for any exterior changes you'd like to make. All exterior changes do require board approval. There is also a form to use if you feel that a covenant is being violated. You can fill these out online and press submit and it will be seen quickly.

We have noticed an increase in vehicles parked facing the wrong direction on our streets. Parking left of center on a two way street is illegal as it requires drivers to travel against traffic, with the right side wheels within 12" of the curb. Remind visitors and family members to follow these traffic laws. The speed limit on our streets is 25 MPH. Please drive safely and encourage visitors to do the same. We do have children in our neighborhood and they are playing or riding bikes during the warm weather. Also remember tht the stop sign at the corner of Nicholas Glen and MGL requires a full stop!! Check traffic before proceeding onto MGL. Thank you for making our neighborhood a wonderful place to live!

We encourage neighbors to be involved in our community.  Join a committee, or become a board member.  We can always use more board members, and being involved helps you get to know more people in the neighborhood.
